

Dear Delegates and Esteemed Members of the Model African Union Community,

It is with great pleasure that we extend this invitation to all aspiring diplomats, policymakers, and change-makers to join us at the upcoming Model African Union Summit. As the parent organization of the Model African Union Summit simulation (MAUS), we remain committed to fostering a dynamic and engaging platform where young leaders from across Africa and the globe can experience and contribute to the conversations shaping our continent's future.

Our Mandate

The Model African Union is rooted in the mission of mirroring the real-life African Union's goals and principles, which include promoting unity, solidarity, and cooperation among African states, as well as accelerating political and socio-economic integration. Our mandate is threefold:

1. Leadership Development:

We aim to nurture the next generation of African and global leaders. Through our model summits, delegates engage in debate, negotiation, and diplomacy, honing the skills required to effectively navigate the complexities of international relations, conflict resolution, and development planning.

2. Policy Awareness and Engagement:

MAUS provides a platform for participants to understand the intricacies of African Union policies and procedures. Our summits simulate AU organs such as the Assembly of Heads of State and Government, the Peace and Security Council, and the Economic, Social, and Cultural Council. Delegates are tasked with deliberating on pressing issues, from peacebuilding and conflict resolution to sustainable development and human rights, thereby raising awareness and promoting informed discourse.

3. Pan-African Collaboration:

Our organization seeks to strengthen ties between young people across the continent and beyond. We believe that by building networks of collaboration among diverse cultures and nationalities, we contribute to the Pan-African vision of a united, prosperous, and peaceful Africa.

Call for Delegates

We invite all interested students, young professionals, and future leaders to apply for the upcoming Model African Union Summit. Our summits offer a unique opportunity to:

- Participate in high-level discussions that simulate real AU sessions, addressing the most urgent political, social, and economic challenges facing Africa today.
- Enhance your diplomatic, public speaking, and negotiation skills through active participation in debates, drafting resolutions, and building coalitions with delegates from different countries and regions.
- Network with like-minded peers and experts in the field of international relations, African studies, and development, expanding your understanding of Africa's place in the global landscape.

Whether you are passionate about peace and security, governance, human rights, or economic integration, our simulation offers a valuable opportunity to contribute your ideas, shape policy proposals, and experience the workings of the African Union firsthand.

How to Apply

Interested delegates can find the application guidelines and process on our official website. We encourage applicants from all academic backgrounds and professional fields, as diversity of thought and experience is key to achieving comprehensive and innovative solutions. Early application is recommended, as spaces are limited, and competition is keen.

The future of Africa lies in the hands of its youth, and through the Model African Union, we are committed to empowering you to lead with vision, integrity, and purpose. We look forward to welcoming you to the summit and witnessing the impact of your contributions.

Yours sincerely,

Eric B. Lutterodt
